# ADVISING LGBTQ STUDENTS

You're not on your own!

- Faculty leaders and Office of International Programs staff can tag team!

And there are resources to help:

- Diversity Abroad Climate Notes
- ILGA Sexual Orientation Laws Around the World Map
- Department of State LGBTI Travel Information

# ADVISING LGBTQ STUDENTS

## Basic Questions Students May Have:

- Can I participate in the program?
- Is housing going to work for me?
- How do you choose roommates?
- Are there scholarships?
- Can I travel after a surgery? Can I bring medications?
- If I need medical assistance or counseling while abroad, is it available?
- How will I be treated by the locals (or for that matter, by the other students)?

# ADVISING LGBTQ STUDENTS

## Deeper Cultural and Identity Questions to Consider:

- What is the climate of the society for LGBTQ individuals and communities?
- How 'out' would I want to be? Can I be myself safely in the location or will I choose to adapt to the culture?
- Is there a LGBTQ community and safe spaces?
- Does the society discuss the topic of sex, sexuality, gender?

# TRAVEL REALITIES

## Passports and Travel Documentation

### Gender and Name:

- Travel information and identification should match
- Change options here:  
<https://travel.state.gov/content/passports/en/go/lgbt.html>
- Gender expression vs. Gender on documents (borders, program providers)
- Medication or instruments - bring documentation of doctor's orders

### Culture

- Are there relevant laws to be aware of?
- What cultural norms should I anticipate (acceptance, ignoring, interest, disrespect, denial)?
- What about being 'out'? PDA? Sexual relations?

# ED ABROAD PROGRAM REALITIES

## Choices to make with the student

- Will the proposed housing situation work? What options would work better?
- Roommate selection?
- Will you be out to the group? How can I help protect your privacy?
- How should I address you? What pronouns do you prefer?

## Things for the leader to think about

- How can I create a positive group atmosphere for everyone?
- How would I handle a group atmosphere problem?

# GROUP DYNAMICS

- Brainstorm: What makes a good group experience?
- Steps:
  - a. Clear information/expectations
  - b. Group guidelines
  - c. Open communication - make sure they know you're available
  - d. Language matters!
  - e. Individual connections
  - f. Emotional Intelligence
- Hint: It's not that different than any other group!
